I totally get what you're saying, but I think we should recognize them as the CAG for now, since we have been recognizing them thus far as the CAG. I was talking to Jesse about this last week and we thought we would perhaps go to their next CAG meeting in April and discussion the parameters going forward that they will have to meet to continue being recognized as the CAG. I feel like we have to give them fair warning of what we expect before we pull their CAG status. (I copied Jesse here as well since we were just discussing this)...

Jennifer: Noticed slide #5 has the term "CAG"; any desire to change to "Community Representatives" or similar?

Subject: draft presentation for March 19 VB/I-70 quarterly meeting

Hi. I just took our presentation from November quarterly meeting and updated it a little bit. I think we can just reuse. Have a look and send me edits/suggestions. Kara – I didn't touch the removal slides, so let me know if you want to remove them altogether or update them.
